## Arts & Crafts Two Youths Rescued

### Exhibit Set After Canoe Overturns

#### For March 4

The Elba Rescue Squad will sponsor an Arts and Crafts Exhibit on Sunday, March 4, 1979, from 1 to 5 p.m., at the Elba Elementary School cafeteria.

All artists and craftsmen of the area are invited to participate in this event, and let their work be publicized.

Entry fees are as follows: Adults - \$2.00; High School students - \$1.00 (Space-6 x 8 ft.); Elementary students - 50¢ (Space 3 x 4 ft.)

Entry blanks may be picked up at Mary Louise's Art Gallery, Craft Hut, both banks and the schools.

The public is invited to this event.

For more information, call 897-2841, 897-4246, 897-2805. Donations will be received at the door for the Rescue Squad.

#### Mrs. Johnson

#### To Head

#### Fund Drive

Mrs. Eunice V. Johnson of Elba will head the upcoming Leukemia Drive in the Mulberry Heights area. The drive is scheduled to begin immediately, and everyone is urged to give liberally when Mrs. Johnson calls, so that more people may be helped to overcome the disease.

## Birmingham Musicians To

### Appear In Enterprise

The Birmingham Woodwind Quintet will appear in concert on March 5, 1979, at 8 p.m. in the sanctuary of St. Luke's United Methodist Church, Enterprise. This concert will be the third event in the series being presented this year by the Coffee

County Arts Alliance. Tickets may be purchased at the door or, in advance, at the three following locations: the Plain 'n' Fancy Frame Shop, Enterprise; Mary Louise's Art Gallery, Elba; and the Ft. Rucker National Bank, Ft. Rucker.

## Fires Destroy 3 Area Homes

Elba firemen have assisted at three rural fires in the past week that destroyed or heavily damaged the homes involved. Thursday morning before daylight the home of Cora Bell Horstead, who lives in the McCall's Store community, caught fire. Elba and New Brocton firemen re-

sponded. Mrs. Horstead, a widow, told THE ELBA CLIPPER that her 16-year old daughter smelled the smoke and woke the other six people in the home.

Thursday night the home of Mr. and Mrs. Joe Mack Morris, between Elba and

Zion Chapel, caught fire and damages were estimated to exceed \$50,000. Wednesday morning, Elba firemen responded to a call in the Bluff Springs community but the call was too late to save the home of James Smith. A passerby had seen the flames and called the firemen.

The helicopters at Fort Rucker are more than an economic boost to at least two Elba teenagers. It was a helicopter pilot on a training mission that reported sighting two Elba teenagers on Pea River after their canoe had overturned Tuesday afternoon.

The pilot radioed the sighting to the police at 4:40 Tuesday afternoon and shortly Andy Bowers and James Gibbs were rescued by units of the Elba Rescue Squad.

The youths were about 1 1/2 miles below Folsom Bridge, enroute from Small-grove Mill when their canoe capsized. Andy Bowers made it to the bank and James Gibbs swam to an overhanging tree.

Both teenagers were cold and wet, but were otherwise OK.

## PTO Giving Two Charged

### With Break-Ins

The Elba PTO will give away \$100 worth of gas on March 9, 1979, at 4 p.m. Tickets may be purchased from any member of grades 2 - 6, for a donation of \$1.00. Gas must be purchased within the city of Elba.

The Elba Police and the Sheriff's department working together have arrested two teenagers for a rash of break-ins in Elba on Monday night. A total of \$82 has been recovered. Arrested, according to Police records, was David Glass, age 19 and a 17 year old youth.

Police have reports of break-ins at the Recreation Center, Lee Moving & Storage, J. B. Mills Welding, Elba High School and the Country Club.

Although the Elba Rescue Squad is a voluntary community organization, charges are made for rescue runs. Following is a recent listing of charges, effective as of today (March 1, 1979).

Local (Within City Limits) - \$20.00, Outside City Limits - \$25.00, Opp - \$35.00, Enterprise - \$30.00, Troy - \$40.00, Laverne - \$40.00, Geneva - \$40.00, Fort Rucker - \$40.00, Montgomery - \$100.00, Birmingham - \$150.00, Tuskegee - \$100.00, Columbus, GA - \$100.00, Mobile - \$150.00, Dothan - \$75.00, any location not listed above will be \$50 per mile one way.

The Coffee County Commission met on Monday, February 26, at the Courthouse in Elba, and heard Supt. of Education Jimmy Baker state "There is absolutely no way the Coffee County School system can operate in an acceptable way unless the commission adjusts the tax millage to prevent a big loss in Ad Valorem tax money."

"It is a grave matter," stated Baker at the meeting, "the state is pro-rating funds to all school system and the cutback will cost us over \$10,000 in budgeted money of the money lost, \$91,000 must be replaced with local funds due to restrictions placed on the prorationing. We will have to transfer 35% of the money from another fund to meet the loss."

"Other systems have access to other sources of funds," added Baker, "but all we use is Ad Valorem tax. The state passed an amendment to cut the tax and it will hurt us. We will not have any money to open schools next fall. If we do open we will have to borrow money to meet our payroll."

Monday's meeting began at 10:00 a.m. with all commissioners present except Comm. Jack Hornsby. Present were Don Smith, Rex Boutwell, Bennie Beckham, Max Reeves and Glimmer Grant.

County Engineer Leslie Mullins told the commission, "Our roads are going to pieces. Roads 14, 43,

## Elba Beauties Sweep Queen's Contest In Opp

Lynn Whitehurst, daughter of Mr. and Mrs. Nelson Whitehurst of Elba, was named Queen of the annual Rattlesnake Rodeo last Friday

night in Opp. Runner-up was Beverly Hargrove, daughter of Mr. and Mrs. Leonard Hargrove, also of Elba. The fourth runner-up was Melissa

Miller, of Troy State. There were over a dozen Elba girls in the group of thirty-four contestants.

Pictured above from left to right are: Melissa Miller, fourth runner-up; Beverly Hargrove, first runner-up;

Lynn Whitehurst, Queen; Karen Travette, second runner-up; Daleville, Kathy Mills, third runner-up, Opp.

## COUNTY COMMISSION MEETS

## County Schools In Financial Trouble, Baker Says

The Coffee County Commission met on Monday, February 26, at the Courthouse in Elba, and heard Supt. of Education Jimmy Baker state "There is absolutely no way the Coffee County School system can operate in an acceptable way unless the commission adjusts the tax millage to prevent a big loss in Ad Valorem tax money."

"It is a grave matter," stated Baker at the meeting, "the state is pro-rating funds to all school system and the cutback will cost us over \$10,000 in budgeted money of the money lost, \$91,000 must be replaced with local funds due to restrictions placed on the prorationing. We will have to transfer 35% of the money from another fund to meet the loss."

"Other systems have access to other sources of funds," added Baker, "but all we use is Ad Valorem tax. The state passed an amendment to cut the tax and it will hurt us. We will not have any money to open schools next fall. If we do open we will have to borrow money to meet our payroll."

Monday's meeting began at 10:00 a.m. with all commissioners present except Comm. Jack Hornsby. Present were Don Smith, Rex Boutwell, Bennie Beckham, Max Reeves and Glimmer Grant.

County Engineer Leslie Mullins told the commission, "Our roads are going to pieces. Roads 14, 43,

and 55 are in terrible shape and something must be done now. If work isn't done soon we'll lose the roads. If they aren't fixed we'll have no choice except to plow'em up!"

Mr. Mullins reported to fix the roads would require 3,400 tons of plant mix at a cost of \$100,000.

"We're going to have to do something," repeated Mullins, "we're getting more complaints about paved roads than we are about dirt roads."

The commission told Mullins to continue patching the roads until more highway funds become available. In other action, Mullins told the Commission:

"The county had to move a hog-parlor to improve a road and that the wood was not good enough to re-build the parlor. The commission told Mullins to buy new wood and rebuild the parlor."

"The Highway Department needed to purchase or lease a new loader and two new dump trucks (the commission instructed Mullins to check leasing the equipment and to get proposals)."

"That the Soil and Conservation Department will do erosion work at Martin-Moates Road."

"It would cost \$1810 to purchase a pump and sprayer to be used in weed control."

"The transmission had been fixed on a front-end loader."

"and, \$150,000 in funds was available to begin work on a new bridge to replace Cole's Bridge."

Superintendent Baker, right, and Assistant Johnny Vaughan

In other action at Monday's meeting, the Commission:

"\*\*heard Supt. Jimmy Baker express thanks for helping with the garbage problem;

"\*\*appointed Mr. Bill Anderson to serve on the Mt. Pleasant Water Authority for a term of six years;

"\*\*approved a \$100 donation to the South Alabama State Fair to help cover expenses of prizes to be given away;

"\*\*instructed Comm. Clerk Brunsess Winston to pay two warrants to get the county below the legal debt limit;

"\*\*heard Sheriff Neil Grant report (1) he had received complaints of sewage leaking at the branch-Courthouse in Enterprise, (2) a cook is still needed at the jail,

(3) he would like some additional clerical help at the office in Enterprise, (4) the Courthouse is in need of janitorial work, and (5) that there are 38 prisoners at the county jail.

"\*\*approved a request from the City of Elba to use a garbage truck until the City's can be fixed;

"\*\*stated it would act on closing a road on March 12 and urged all interested parties involved to be present;

"\*\*heard representatives of the Enterprise Amateur Radio Society report their organization is willing to help the county in case of need;

"\*\*and, stated it would set the tax millage at a meeting on Wednesday at 5:00.

## BRAINSTORMS

With Fern Cox

Well, the hearings have started on the proposed new constitution for Alabama. After most folks agree a new draft is needed, we choose up sides, and come out into the ring fighting over the wording. We understand the first day of hearings was spent over "man being created equal." This upset people who wanted to add women, blacks, etc. We made the comment to some friends that they should just say "people are created equal." One friend wanted to leave room for a couple of exceptions, and this is probably what is happening in Montgomery . . . we all know of a couple of exceptions.

Elba Mayor Robert Folsom commented Monday that the city officials should have the right to raise their salaries during the term of office, if the state legislators could. We agreed, but informed him we wanted it all stopped! Ye ole editor doesn't think any truly dedicated public official wants to raise his pay during the current elected term of office.

Joe Johnson works at Troy State and commands the local Army Reserve unit. Joe also wears several other hats, including that of a handyman . . . and it fits quite well. One night this week we were at his home and he was showing us a wooden swivel chair he had refinished. It turns out he got the old chair out of a trash pile, sanded it down, refinished it and put on new rollers. It fits so well with his massive roll-top desk, I never would have known it came from a trash pile! Joe, we have a few items around the office and my house that you are welcome to practice on in the future.

We sure are proud it was cloudy Monday and Coffee County folks couldn't see the eclipse of the sun. The reason is that our eye doctor, Kenneth Strong, brought a very good article in warning people about the dangers of watching the sun, and we let it get covered up and never used it. Ye ole editor would sure feel guilty if one Elba person damaged eyes because they didn't know any better. Besides, we can't afford to lose a single reader, reader.

All oil-related products are due for increases in prices, and gasoline will lead the field. News stories point out that some European countries are already paying \$2.75 at the gas pumps. At least one jacked its prices recently, saying "the government is stopping oil subsidies." We can look for higher prices right away . . . possibly raise to \$1.00 a gallon before summer is over (if we can get it at all).

Our patience with people wears thin occasionally, and this is one of those times. The Elba Jaycees are getting under their wrath apparently worked hard to get Elba girls to enter the Opp Rattlesnake Queen contest and ended up with about six of the top ten winners, including first and second placed. Well, they didn't bother to give us a hint of their entries, and after our complaints and a promise to do better this week - nothing. We hope they remember us the next time they have something they need published, "to make points on our scrap book."

We were still upset on the rattlesnake queen deal when we walked into the police station to inquire about their activities. We ended up fussing with (or at) Chief Rayborn about something else, but he just smiled.

We have read a couple of Letters to the Editor in daily papers about the Coffee County Courthouse situation. A lady in Geneva wrote that she thought the Elba courthouse was beautiful. We offer her a Thank You. She had an idea of settling the matter that we should look at closely. She has no ties with either Elba or Enterprise but suggested we put the county officials in the Elba courthouse and others (federal and state officials) in the Enterprise courthouse.

For some time ye ole editor has been pumping key people to promote a special week (or two) of sports competitions sometime during the summer. It could include men and women's softball tournaments, canoe race, archery contest, and an arts and crafts show, all coordinated by the Elba Recreation Director as part of the summer program. We sponsored the men's softball tournament last year that produced a handsome profit for the recreation program, and did very little promotion. We bought a six-foot trophy, organized the event and turned the profit to the city. With community-wide efforts this could be a full weekend of events for local folks and could give us some GOOD outside publicity for a change. We are still pumping for this event 'cause we believe it will work for everybody!

Well, the Chinese are still driving deeper and deeper into Vietnam. The Russians are flexing their muscles, and it could explode. Maybe we can stay out of this one, but it is doubtful.

## Women's Page

### New Arrivals

#### Christopher A. Raddock

Mr. and Mrs. Chris Raddock of Tusculoo, Ala., proudly announce the birth of a 6 lb., 11 oz. son, Christopher Anthony, Jr., born on February 2, 1979. Both mother and baby are fine.

Proud grandparents are Mr. and Mrs. Durrell Hudson of Elba, Ala., and Mr. and Mrs. Arthur Raddock of Prescott, Arizona.

Proud great grandparents are Mr. and Mrs. J. C. Donaldson and Mrs. Mollie Hudson, all of Elba, Alabama.

#### Personal

\*\*\*Mr. and Mrs. Murry Pettin of New Orleans, Louisiana and their granddaughter, Amy Farris of Covington, La., are visiting their aunt, Mrs. James English.

They were honored by a daughter, D'Ann, who greeted the guests and presented them to the honorees and to the special guests of the honorees Mr. and Mrs. Augusta Cook of Brantley, Ala.

Miss Valerie Oggs presided at the guest registry. The silver book was placed on a white satin cloth with a pink carnation bud vase.

The refreshment table was overlaid in a lovely lace cloth over pink. The silver candelabra holding pink burning candles tied with pink ribbons accented the center of the table.

The beautiful three-tiered cake was separated by graceful white columns and each tier was filled with pink roses and silver leaves with miniature white doves and wedding rings.

The bottom tier was adorned with pink roses, valley lilies and silver leaves topped off with silver 25th anniversary. At the other end of the table, the silver punch bowl, banked with leather-leaf fern with pink carnations, held the delicious pink punch. Silver compotes holding nuts and pink mints and a silver tray with cheese and crackers completed the arrangements.

Miss Pat Dew of Decatur, Ala., cut and served the cake. Miss Lynn Whitehurst of Elba laid the punch. Miss Betty Foy Ingersoll of

Fairhope, Alabama served the coffee from the lovely silver coffee service. Mrs. Dorothy Whitehurst assisted with the serving.

Guests were invited to the gift room by Miss Lynn Mills of Elba. Others assisting with the gifts were Miss Para Jean McKenzie of Evergreen, Ala.; Terry Boney of York, Ala.; and Jan Hudson of Elba.

The honored couple received many nice and useful gifts.

Mr. Inman To Be Club Manager

The Board of Directors have announced the employment of Sonny Inman as full-time manager of the Elba Country Club, effective March 5.

Sonny will have the overall responsibility of the maintenance and operation of the club.

He has stated that the program at the club will be the complete renovation of the swimming pool and upkeep of the golf course, lake and tennis courts. The lake is in the progress of being restocked with fish. The pro shop will be open daily and will have a sandwich shop for golfers and swimmers.

Sonny organized the club and has served as president for two occasions. He has been employed as Purchasing Agent at the Elba General Hospital.

### Kimmey-Kirk

#### Engagement Announced

Mr. and Mrs. James Anderson Kimmey of Macon, Georgia announce the engagement of their daughter, Kim, to Gary Wade Kirk, son of Mrs. Brower Murphy of Gaithersburg, Maryland and Mr. James Bradford Kirk, Jr. of Lawrenceville, Georgia.

The wedding will take place on March 17, 1979 at Rehoboth Presbyterian Church in Decatur, Georgia. The bride-elect is the granddaughter of Mr. and Mrs. Charles Frank Dickert of Sunnyside, Florida and Dr. and Mrs. John Mason Kimmey of Elba, Alabama. She is the great-granddaughter of Mrs. Charles Lester Dickert of Brundidge, Alabama.

The groom-elect is the grandson of Mrs. Logan Crook of Tampa, Florida, Mr. Wade Harwood of Asheville, North Carolina, and Mr. and Mrs. James Bradford Kirk, Sr. of Stone Mountain, Georgia.

### PASTOR'S CORNER

Kenneth Andrews  
Elba Church of God

WHERE CAN WE FIND HAPPINESS?

Man desires a life of excitement and fulfillment, not one of emptiness and frustration.

Where can you find happiness? You can find it in Jesus Christ.

Happiness may be found in the home, in nature, and in employment. But this happiness is not complete in itself. A truly happy person must know God.

"Blessed (happy) is everyone that fears the Lord; that walketh in His ways. For thou shalt eat the labour of thine hands, and it shall be well with thee" (Psalm 128: 1, 2).

Happiness in God produces security. The thief on the cross asked for forgiveness of sins. Christ said, "Today shalt thou be with me in paradise" (Luke 23: 43).

What joy and satisfaction must have flooded the

thief's soul! Also, notice the birds. They sing to us in the morning and throughout the day because God takes care of them. The Scriptures tell us that God even sees when a sparrow falls to the ground. If God provides for them, surely He will provide for His children.

"Fear not therefore, ye are of more value than many sparrows" (Matthew 10: 31).

Jesus Christ is the only source of true happiness. He will give us happiness if we will ask in faith believing. "Ask, and ye shall receive, that your joy may be full" (John 16: 24).

There will be a singing at the Tarentum Community Center Saturday night, March 3rd at 7:30 p.m.

The quartets will be: The Sem. Fanned by Clanton, Ala., and The Tenors from Baldrige, Ga. Everyone is invited.

**Guess Who?**  
 This week's guess who is in the 9th grade. His last name is a color. Can you guess who?

### Z.C. Accreditation

Zion Chapel along with the other two high schools in Coffee County, Kinston and New Brockton, have taken the first steps toward accreditation by the Southern Association. The faculty, a committee of students, and a committee of parents have begun to take a look at just what Southern Association Accreditation will mean to Zion Chapel and what we will have to do in order to achieve our goal. It will take several months to reach our goal but we have committed ourselves to reaching this goal and we will.

 ...It's your third unexcused tardy.

## Cutest Couple On Campus

JOHN DAVID PARKER chosen the Cutest Couple on Campus. Also each of them were chosen for the Cutest Category.

REBEL 80 Editor, Melinda Nelson and Business Manager, Patricia Fair.

## Yearbook Editor Elected

REBEL 79 has gone to the press and it's time to begin making plans for REBEL 80. One of the first steps is to elect a new editor and business manager who will kick off the activities that will result in another yearbook.

The new editor and business manager are elected by the Senior members of the annual staff. There are several qualifications for these positions and they are carefully considered by the Seniors. Among these are previous actions that reflect a sincere interest in wanting to work on a yearbook. This editor must also be a person who can take an apparent mess and make it an organized mess!

Melinda Nelson fit the qualifications and was chosen to be the editor of REBEL 80. Patricia Fair was chosen business manager. Her duty will be to keep an accurate account of how much money we have and how much more money we will need.

The first talking doll was invented by Thomas Edison in 1888.

## Editorial.....

Six percent sounds like such a small figure and most people tend to shrug their shoulders and think that it's too small to worry about. That's the problem in Alabama. Our citizens do not realize the extent of the effect that 6% proration will have on the school systems of Alabama.

First of all the majority of the money that goes to a school system cannot be prorated. This includes such things as salaries and Social Security payments. If this makes you mad stop to consider what lower salaries will do to the quality of education in your school system. Do the best teachers work for the lowest salaries? What do you want for your children—the best or does it matter?

When you take out the amount spent for salaries, etc., that leaves about 20% of the total education funds that can be prorated. This money is spent for maintenance, supplies, and perhaps most important—teaching materials (workbooks, duplicating paper and fluid, resource materials, new library books, magazines for research, etc.). Maybe you get the idea of what we won't be getting in our school because of proration.

### Z.C. 4-H Meets

The Zion Chapel 4th grade girls met February 20, 1979 in the club room. The meeting was called to order by the president Sheila Rugg. After group singing, which was led by our song leaders Susan Nelson and Debra Gartin, the vice president, Ginger Green led the pledges to the American and 4-H flags.

The devotion was given by Debra Debie. Our secretary, Brenda Mobley, called the roll and read the minutes of the last meeting. The minutes were approved.

Subjects discussed under business were: About decorating T-shirts for a contest.

Game leaders, Connie Flowers and Christine Pacheco led the group in playing games.

REPORTER, SHARON POPE

## EHS BLACK AND GOLD REVIEW

## Magazine Sales Begin

The 1979 Junior Class of Elba High School has begun the annual sale of magazine subscriptions and renewals. The class has set its goal at \$15,000. Each student has an individual quota of \$130. Mr. Roy Black, representative of Sunland Plans Inc., presented the sales program to all sections of the Junior Class assembled on February 15. His presentation, which involved participation by local students, was videotaped and will be used by Sunland Plans as a film for training new representatives.

At the first check period on Tuesday, February 20, \$4844.29 in subscriptions had been sold. The top four salesmen were Carol Holt, \$655.83; Rachelle Buzeman, \$404.84; Bobby Newton, \$275.28; and Jay Harper, \$262.40.

Your support of this project is appreciated. If you need renewals or new subscriptions, please call a member of the Junior Class or call Elba High School (897-2266) and leave a message before March 5, the date on which the sale ends.

Several people standing by a large thermometer.

Chi Alpha Mu Meets

Thursday, February 15, Chi Alpha Mu met in the school cafeteria. President Vonda Marler called the meeting to order. Secretary-Treasurer Williams called roll and presented the club's financial standing.

A committee was then elected to work on the Jr. High bulletin board. Plans were then discussed about our club's sign to be entered in the sign contest sponsored by the varsity cheerleaders.

Everyone then enjoyed two puzzle games for fun, and the meeting was adjourned.

## Classes Display Carvings

Humanities is an enrichment course designed to give seventh and eighth graders experiences in art, music, drama, folklore, and to provide new insights into personal development.

The course is a federally-funded ESSA project granted to the Elba City School System for the past two years. Under the direction of Robin Kirk-

land and Nancy Taylor, the students have had experiences in paper mache, clay, painting, folk music and drama. This program covers an area much needed in our curriculum.

Some figures carved by the students are on display in the high school library. The figures were carved from a block formed by pouring a mixture of plaster-of-paris and vermiculite into a milk carton and allowing it to harden.

Pictured are students whose work is on display - Jackie Gray, Greg Stokes, William Maddox, Marie Brooks, Ricky Sanders, Greg Henderson, Stanley Barnes, Maurice Eillard, Erwin Gunnells and Ms. Taylor.

Elba Group Attends Beta Club Convention

Pictured above are some members of the Beta Club busy packing their cars just before leaving Elba on their way to the convention. The group attended the State Beta Club Convention February 23, 24 and 25 in Birmingham.

Alabama. The group was chaperoned by Mr. John W. Sharpless, Beta Club sponsor.

VELVET BREWER, Reporter

Le Cercle De Francais Meets

Le Cercle de Francais met Thursday, February 22, in the Elba High School cafeteria. Club president, Jackie Prescott, called the meeting to order. Attendance secretary,

Candy Berry, called the roll, and recording secretary, Julie Maulden, read the minutes of the last meeting.

Club president, Jackie Prescott, read a series of articles on Fat Tuesday, better known as Mardi Gras.

No new or old business was discussed. The meeting was ended by enjoying refreshments.

PRISILLA

The name Priscilla means "somewhat old" in Latin.

## EHS Library Council Meets

On Thursday, February 22, 1979, the EHS Library Council met during activity period. The president, Wanda Walker, called the meeting to order. The secretary, Delores Kelly, called roll and read the minutes for the previous meeting.

Results of the vote for a theme for National Library Week were announced. Members were divided into small groups to design bookmarks and posters to carry out the theme. National Library Week will be observed April 1 - 7, 1979.

The project committee met to discuss possible money-making ideas.

The meeting was adjourned until the club's next regularly scheduled meeting date in March.

- Utilities Analyst I (\$14,053 - \$17,041)
- Public Utilities Engineer I (\$12,805 - \$15,340)

NEWS from your PHARMACIST

KRS SCARBOROUGH

The disease known as athlete's foot is one of the most irritating fungi which commonly strikes man. Athlete's foot is prevalent among athletes because it is easily spread from one person to another in a shower room. This fungi is quite contagious and can live for weeks on floors, mats and in shoes.

Athlete's foot is actually ringworm of the feet and will cause blisters and cracks between the toes. Annoying itching is another symptom of this disease which usually occurs during high school or college years, although it may continue for long periods of time if not checked.

Any number of drugs and preparations are used in the treatment of the affected areas, including various salts, benzene acid ointment and many others. Two important aspects of treatment include keeping the feet dry and prevention of reinfection.

Our pharmaceutical department is well-stocked with many preparations for the treatment of athlete's foot and other ringworm infections. We stand ready to give you efficient service and to compound your prescriptions with the utmost care. Your health is our most important concern.

## Views From THE PRESSBOX

With Ricky Mularz, Sports Editor

The Elba Boys' All Stars competed in Dothan on Saturday at the District 8 tourney and did real well. The boys tied for third in the 9-team event and looked as good as any team there. The Elba League got off to a slow start, and have played only three games. The All Stars practiced together only four days, but surpassed everyone by winning their opening game against Greenville. Dothan had a big chip and ousted Elba in the semi-finals, but the loss was due to our inexperience, not a lack of talent.

All the Elba boys played well, and I think they all deserve credit for their good showing!

The Area tournaments are going on across the state, and basketball fans are in seventh heaven! There are tourneys going on in Opp, Zion Chapel and New Brockton, and I urge everyone to go out and watch a game.

The Elba Tigers were ousted from the 3A tourney on Monday night, but gave Troy all they wanted before losing. Elba had lost to Troy 101-60 earlier in the year, but showed how much they'd improved by falling only 62-49 in the tourney. The Elba players and coaches worked hard all year and never gave up, even when things looked hopeless. I'm proud of 'em and think they did a good job.

The Men's basketball league is enjoying a good inaugural season and should grow in years to come. However, in recent weeks the league has shown "poor sportsmanship," and city officials have discussed dropping the league. We have a good place to play and some good, clean competition, but if the lights and cussing don't quit, we won't have it for long...

## Standings Released In Men's Basketball League

The Men's Basketball League has four weeks left in the regular season, and National Security continues to lead with a 7-0 record. Following the leaders are New Brockton (6-2), Cook Chevrolet (5-2), Woodland Grove #2 (4-3), Magic 8 (4-3), Controllers (4-3), Dorsey Black (3-4), Dorsey Blue (3-5), Woodland Grove #1 (3-5), Jaycees (2-4), Dorsey Red (2-5), Dorsey Green (2-5), and Dorsey White (1-5).

New Brockton 75  
Dorsey Green 71  
New Brockton used a big second quarter to move ahead 40-31, and held off a last minute rally to dump Dorsey Green 75-71. Dorsey led 19-15 after one quarter, but Brockton outscored the Green 25-12 in the second stanza to take a lead it would never lose. Tim Sanders and Ted Fillingim scored 20 and 14 points respectively to lead a balanced Brockton attack, while Willie Lowe poured in 31 points in a losing effort.

New Brockton (75): Fillingim 14, Downing 12, Carter 12, Sanders 20, Shepard 6, Grantham 11.

Dorsey Green (71): Culver 1, Parker 5, Thomas 17, Lowe 31, Marston 10.

Dorsey Black 54  
Magic 8 48

Dorsey Black pulled off an upset last week by defeating the Magic 54-48. The score was tied 29-25 at the half, but Dorsey outscored the Magic 14-6 in the third period, and held on for the win. Flowers scored 16 points to pace Dorsey, while Max Fuller added 21 points for the losers.

Dorsey Black (54): J. Moulton 12, Daniels 11, Smith 12, Flowers 16, Moulton 2, Flowers 1.

Magic 8 (48): Fuller 21, Moore 11, Sasser 6, Jackson 10.

National Security 95 (OT)  
Dorsey Red 89

Albert Tyson scored 20 points in the fourth quarter and all 12 of his team's points in overtime to lead National Security to an exciting 95-89 win over Dorsey Red. National Security appeared to be in control in the first half, as they grabbed a 46-35 halftime lead, but Dorsey refused to quit and rode the shooting of Max Farris to knot the score at 83-83 at the end of regulation time. However, Tyson hit 6 straight shots in overtime and National Security remained unbeaten. Albert

## Elba Tigers Fall To Troy 62-49

The Elba Tigers' game plan for their battle with Troy worked perfectly, except for one thing! The

Tigers didn't plan on hitting only 7 of 22 free throws, including missing the front-end of 10 one-and-one situations.

The Trojans, seeded first in the area, took advantage of Elba's miserable free-

throw shooting to claim a hard-fought 62-49 win over the Tigers, in the opening game of the Class 3A, Region 2, Area 3 tournament in Opp.

The win upset Troy's record to 19-7, while the loss ended Elba's season and left them with a final state of 5-18.

The game was tied at 4-4 in the early going, but Elba went "ice-cold" from the field as Troy pulled into a lopsided 18-4 lead.

The Tigers finally tallied again on a jumper by Jimmy Coleman with 1:04 left in the first quarter, but it looked like a rout with Troy ahead 18-6. The Trojans' lead went to 24-8 early in the second stanza, but Elba changed defenses and began to hit from the floor as they pulled within 24-17 midway through the period.

Elba battled the highly-favored Trojans for the remainder of the half, and at halftime, the scoreboard read Troy 32 - Elba 24. Elba came out battling in the third quarter, and pulled within 35-30 on a bucket by Russ Wood, with 4:08 left in the period. The Tigers took the lead to Troy throughout the stanza, but couldn't cash in from the foul-line, and could never catch up. Don Horstead hit a lay-up at the start of the final stanza to pull within six, at 41-35, but Troy answered with three quick buckets to move ahead 47-35 and it was all over.

Russ Wood scored 20 points to lead the Tigers, while Daron Fayson poured in 22 points for Troy. Troy (32): Fayson 22, Contry 9, Sims 7, Long (68): Childers 10, Gray 4, Jackson 4, McLeod 4, Turner 2, Grantham 2.

Elba (40): Coleman 10, Wood 20, Johnson 6, Horstead 13, King, Fuller.

## Men's All-Stars Compete In Greenville

The Men's District 8 Basketball tourney opened last night, February 28, at Lomax-Hannon Junior College in Greenville, with the Elba All Stars battling the Dothan Industrial Stars.

Playing on the Elba squad were Willie Lowe, Tim Goosby, Skip Rainer, Max Farris, Albert Tyson, Ben Terry, Terry Barnes, Ted All Stars battling the Dothan Industrial Stars.

## Zion Chapel, Rebecca Comer, Clio And Baker Hill Enter Semi-Finals

The Class A, Region 3, Area 5, basketball tournament opened Monday night at Zion Chapel with Clio and Rebecca Comer claiming opening round wins.

Clio rolled past Clayton 97-63 in the night's first game, while in the nightcap Rebecca Comer clubbed Louisville 67-45.

Clio 97 - Clayton 63

The high-flying Clio Yellow-jackets ran away to a 44-17 halftime lead and never slowed down as they bombed Clayton 97-63. Clio opened the game in a full-court press and caused countless turnovers as they turned the game into a laughter. The Yellow-jackets cranked up their offense in the second half and poured in 33 points to claim the easy win. Rodie Gamble poured in 40 points to lead Clio, while teammate John Johnson added 21.

Clio 22 22 22 31 - 97 Clayton 6 11 22 24 - 63

Clio (97): Gamble 40, Johnson 21, Knight 4, Wilkerson 10, Hawkins 8, Baxter 8, Morris 6.

Clayton (63): Barber 16, Herron 12, Lewis 12, Baker 10, Lynn 6, Harris 3, Patterson 2, Rumph 2.

Rebecca Comer 67 Louisville 45

Rebecca Comer got off to a fast start and was never in trouble as they dumped the Louisville Red Devils 67-45.

The King Kongs jumped on 18-9 in the first stanza, and completely dominated the

In the other game Tuesday night, Baker Hill trampled Long High 38-26. Baker Hill led 25-4 after one quarter, and never slowed down in running up the score.

## BASKETBALL

Zion Chapel vs. Rebecca Comer - 8:00

At Dothan:

Wicksburg vs. Coffee Springs -6:30

Kinston vs. Houston Academy - 8:00

Cook Chevrolet 67  
Elba Jaycees 65

Cook Chevrolet had quite a score last week before pulling out a narrow 67-65 overtime win over the Jaycees. The game was close all the way with neither team owning more than a 4-point lead during the game. Pacing the winners' attack was James Ray Daniels with 19 points, while the Jaycees were led by the 24 points of Joey Holley.

Cook Chevrolet (67): Grant 4, W. Suttley 14, K. Suttley 13, Ragg 2, Daniels 19, Goosby 15.

Elba Jaycees (65): Bulard 6, Pope 6, Rainer 9, Grantham 12, Grantham 6, Holley 24, Moulton 2.

## Elba Tigers Begin Spring Football Drills

The Elba Tigers, the defending S.A.C. grid champions, began spring football training on Monday, February 26, and Coach Mack Wood reports 63 boys took part in opening day drills.

The 63 hopefuls are from the ninth, tenth and eleventh grades, and the number is the largest group in several years to go through spring training at Elba High.

"We've got a lot of young kids and a couple of new faces," said Coach Wood, "and we've got to teach 'em everything. The first day of practice was devoted to getting organized and trying to get everybody in the right position. We're going to do a lot of work on the basic fundamentals of football - blocking and tackling."

"Our top priority this spring is defense," stated Wood. "We plan on doing a lot of work on defense, then the running game, and then the passing game. We'll also do some work on the kicking game if we get a chance, but we'll primarily work on the three things I mentioned before."

Coach Wood reported the first week will be used to get everything organized and that not much hitting would be done. However, a controlled scrimmage is scheduled for Friday, March 2.

"We try to break up our practice session," said Wood, "and we don't like to go out and hit every day. When you do, the kids get sore and banged up, and it slows down your progress. We think we've got a good system; since you only get 18 days to practice, you can't afford to waste any time."

In closing, Wood added, "We didn't lose many boys off last year's team, but we did lose some quality people. We've got a lot of guys to fill, and we'll work hard trying to fill 'em."

Elba's Don Horstead (32) and Russ Wood battle Troy's Daron Fayson (13) for a rebound in the Tigers' 62-49 loss to Troy on Monday night. Elba ended the season with a 5-18 record.

Elba (40): Coleman 10, Wood 20, Johnson 6, Horstead 13, King, Fuller.

## Elba Boys Place 3rd In District 8 Basketball Tourney

The Elba Boys' All Stars competed in the District 8 tournament in Dothan on Saturday, February 24, and finished in a tie for third place in the 9-team event.

Competing in the basketball tournament were Dothan #1, Dothan #2, Ozark #1, Ozark #2, Abbeville, Andalusia, Greenville, Eufaula and Elba.

The Elba All Stars opened the tourney Saturday morning with an impressive 28-14 win over Greenville. Elba came out in a full-court press, and stunned the favored team from Greenville by running away to a 10-4 lead after one quarter of play. The

Elba press completely shut down Greenville in the second stanza, holding them scoreless, as the locals took a 14-4 halftime budge. Elba abandoned their press in the third quarter, and Greenville rallied to pull within 16-12. However, the local All-Stars began pressing after a time-out, and outscored Greenville 6-0 in the final 3 minutes of the quarter to regain control at 22-12. Elba's press allowed them to move ahead 28-12 early in the final quarter, and the reserves then mopped up the win.

Scoring for Elba in the win were Shan Teel 12, -

Freddie Caldwell 6, Dwayne Fleming 6, and Kevin Kelley 4. Mike McCollough didn't score in the game, but he led the aggressive Elba defense with numerous steals.

Also seeing action for Elba were Victor McKenzie, Jerry Siler, Victor Brewer, John Hudson and Ray McKinnon. Davidson scored four points to lead Greenville.

The Elba All Stars ran into Dothan in the semi-finals and fell 40-26 in a hotly-contested game. Dothan used its height advantage to grab a quick 12-4 lead, but once

the Elba team settled down, it played the Dothan squad on even terms for the remainder of the game. Dothan went in at the half with a 22-10 lead, but couldn't run away with the game, as Elba battled in the second half and made a good showing before a large crowd.

Scoring for Elba were Dwayne Fleming 9, Freddie Caldwell 8, Shan Teel 6, Jerry Siler 2 and Kevin Kelley 1. Mike McCollough and John Hudson turned in good defensive efforts for Elba.

The Elba team was coached by Ricky Mularz and Greg Brunson.

## Tackle Box To Sponsor Bass Tourney At Lake Eufaula

The Tackle Box, a popular bait and tackle store in Elba, will sponsor a Bass Tournament on April 14, from 6:00 a.m. until 6:00 p.m. at White Oak Landing on Lake Eufaula. The rules of the tourney include:

- (1) Pre-tournament meeting at 5:00 a.m.
- (2) Fish will be weighed by boats.
- (3) Choose your own partner.
- (4) Limit of 20 fish per boat with a 12-inch size limit with mouth closed.
- (5) Fee will be \$25 per person. Sixty percent of the total money will be given to the first place winners. Thirty percent to the second place winners. Ten percent to the person who catches the largest fish.
- (6) Live wells and boats will be checked before the tournament begins.

The tourney is open to everyone and to enter, simply drop by The Tackle Box, located on the Opp Highway across from the Little Beaver.

(1) Each person will furnish his own life-saving equipment.

(1) The official timekeeper will be the tournament director.

(1) The tournament director will be responsible for enforcing the above rules.

(1) Boats will not be allowed to fish within 50 yards of each other.

(1) Live wells and boats will be checked before the tournament begins.

(1) The tourney is open to everyone and to enter, simply drop by The Tackle Box, located on the Opp Highway across from the Little Beaver.

(1) Each person will furnish his own life-saving equipment.

Farm Family Finalist... Carl and Donna Sanders from Brundage have been selected to compete for the title of the Outstanding Young Farm Family in Alabama. The Sanders were the recent winners of the peanut division

## ALL AROUND COFFEE COUNTY

County Farm Agent  
**TOM CASADY**

COFFEE COUNTY HOG PRODUCERS ASSOCIATION  
The Coffee County Hog Producers Association met last week for their annual meeting. Dan Linton, Livestock Marketing Specialist from Auburn, presented a very informative talk dealing with the outlook of prices of hogs. Mr. Linton said that because of the six weeks of extremely cold weather in the Midwest, the number of pigs available for market will be less than predicted. Because of this, he predicts the price of hogs will be between 45 and 50 cents the last half of this year. This was good news to our swine producers in Coffee County. Mr. Linton also went on to comment on the profitability of swine enterprises. He stated that swine producers here in this county are now in the most profitable of their farm enterprises. The newly elected officers and directors of the Hog Production Association are: President - Jimmy Bryan from Jack; Vice President - Larry McDaniel from Enterprise and Secretary - Treasurer - Joseph H. Danley from Jack. Directors are: Dicky Lunsford from New Brickett, Otis Bryant from Enterprise, Tim Sumlin from Enterprise, James Farris from Klinton, Ben Motte from Enterprise, Billy Wyndick from Elba, Douglas Martin from Enterprise, Ronny Nicholson from Elba and Dolan Averett from New Brickett. DIAGNOSTIC LAB  
Dr. Tim Miller, Veterinarian of the Diagnostic Lab in Elba, is doing an excellent service for our livestock producers here in this county. Dr. Miller just has one complaint - our farmers are not using the lab as much as they should. If you have sick animals then this is one of the first places I would go to find the cause of this sickness. If the problem can be identified soon enough and through the help of your local vet you can prevent a major outbreak of diseases to your herd. The diagnostic work is free. It is a service of your state. Let me encourage you to make full use of your valuable resources which is so convenient in Coffee County.

FARMERS TAX GUIDE  
April 15th is fast approaching. If you worked up your farm taxes, you may want to get the 1979 edition of the Farmers Tax Guide. We have several of these copies still available at our office. We will be glad to mail you one or you can drop by and pick one up.

STEER SHOW  
Jack Tatum our 4-H agent is putting the finishing touches on the plans for the Coffee County Steer Show. This year's Steer Show will be Monday evening, 6:30 p.m., at the Farm Center in New Brickett. Jack tells me that the num-

ber of steers is off some this year but quality is real good. This is one program we would like to see more participation in. If you have a child that might be interested in showing a steer or know someone who would be, why not come out Monday night and see what is involved in showing a steer and start making plans for your entry next year in the show.

MARKET HOG SHOW  
Plans are being completed for the county market hog show which will be held the first of June. Jack Tatum is trying to find out the boys and girls who will be participating in the market hog show. If you plan to participate in this show, why not give Jack a call or complete the card sent earlier to you and mail it in.

We need this information so that we can make adequate plans for this year's show. Hog prices are real good so this should be a real good year to start showing hogs.

4-H NEWS  
4TH & 5TH GRADE  
The 4th and 5th grade 4-H girls met February 14, 1979 in the club room. The meeting was called to order by the president, Stacy Carter. After group singing, which was led by our song leaders Darlene Johnson and Earlene Boykin, the vice president, Julie Davis, led the pledges to the American and 4-H flags. The devotion was given by Diane Parker. Our secretary, Marilyn Shy, called the roll and read the minutes of the last meeting. The minutes were approved. The vice president, Julie Davis, introduced the program "T-shirts," which was given by Myrna Rhodes. After the program, the president adjourned the meeting until next month at the same time and place.

Game leaders Karen Williams and Jackie Rodgers led the group in playing games. REPORTER  
CYNTHIA WILLIAMS

MRS. RICHARDSON'S  
Mrs. Richardson's 4-H Club met on February 20, 1979. The president, Art Brunson, called the meeting to order. Our song leaders Rachel Cowart and Vance Lawford led the club in singing, "God Bless America." Karen Morrow led the devotion.

We discussed the T-shirt contest. Mrs. Daughtry gave the program which was on "Decorating T-shirts." Game leaders Sherry Waldon and Rob Hudson led us in playing the game 10 Guesses. REPORTER

CHILD CARE CHOICES  
When you decided to take a job you searched for the best of everything - hours, salary and working conditions. Did you invest that much time and effort in choosing the type care your child would have while you worked?

Child care is a must for many working parents and should be chosen with great care. A child's preschool years are some of the most important years of his life. His care should be more than that of babysitting. During these early years, he learns how to get along with others, how to control his body parts and move with ease. He also develops most of the mental abilities that he will build on in the school-age years.

For these reasons his care should include opportunities to explore and learn about new things. It should involve activities that allow him to run and play and learn new skills.

When choosing quality care, check for the following things:  
---A clean, safe environment.  
---Well-balanced meals and snacks.  
---Well-planned program that encourages, physical, social, emotional and mental development.  
---Understanding and loving care givers.  
---Secure and friendly atmosphere.

Choosing quality child care will help you and your child to enjoy the benefits of your job a whole lot more.

DISHWASHER SELECTION  
How does one select the proper dishwasher? Your first decision is the type dishwasher you want or can use. There are three types, built-in, portable, and convertible. Any of these will do a good job of washing dishes, but choose a built-in if possible.

Look at different brands that are available in your area and be sure the service is good. Eliminate any that don't measure up in the service department.

There is no one material best for the dishwasher. Each manufacturer has reasons for using stainless steel, plastic, or porcelain enamel. All of these will serve you well.

Next compare models and prices of dishwashers you are still considering.

KITCHEN SPACE  
In kitchen planning, it's important to plan enough work and storage space, but it's easy to get carried away and end up doing unnecessary walking in your kitchen.

Kitchen planning should be done in terms of work centers for food preparation, cooking and clean-up. These are the necessary centers; others may be needed, such as a planning area.

There should be . . . from 36 to 54 inches of space next to the refrigerator, 18 to 36 inches on each side of the sink including the dishwasher, and 15 to 24 inches on each side of the range or cook top.

The minimum distance between two opposite walls of workspace should be four feet.

Before building or remodeling, make certain you check to see if you have the needed room in your kitchen for top efficiency.

CARBOHYDRATES  
Your body requires some source of simple carbohydrates for energy. Sugar is a simple carbohydrate. At one time people got their sugar from fruits and vegetables. Surplus, or table sugar, was a scarce luxury. And honey was reserved for the very rich.

The fact is the body has no need for sucrose that cannot be satisfied or met by other foods that are more nutritious.

Keep in mind that honey and brown sugar provide a few nutrients in addition to carbohydrates. Raw and refined sugar contain only

## Soil Conservation News

NO-TILLAGE FARMING IN COFFEE COUNTY  
LIME AND FERTILIZER  
Research scientists throughout the country have different opinions on rates and methods of application of lime and fertilizer for no-tillage farming. This is an indication that more research is needed for specific crops on different soils.

Nitrogen fertilization is an item that needs more research studies. There is some evidence that nitrogen losses due to leaching leaching can be greater under no-tillage since available moisture increases is usually higher than conventional tillage. On the other hand, nitrogen losses from runoff and erosion may be significantly reduced by no-tillage - especially when plantings are on sloping fields with good residue cover.

All commonly used forms of nitrogen can be used for no-tillage. Anhydrous ammonia is sometimes difficult to apply because the applicator must cut through surface residue and close the knife slot so that ammonia will not escape. However, some subsoiler type planters are well suited for applying anhydrous ammonia during the planting operation.

Available information indicates that surface applied nitrogen is very important for no-tillage crops. Research has shown that some herbicides lose much of their effectiveness in soils with a low pH. Some research studies indicate that time may need to be applied more frequently to prevent rapid acidification of the surface soil layer.

Many Alabama farmers have not had many problems in fertilizing no-tillage crops. For corn, some farmers broadcast all of their fertilizer on the surface at planting time. Others apply a band of pop-up fertilizer either below or to the side of the seed at planting and broadcast the remaining fertilizer.

## Coffee County High Sheriff Neil Grantham Killed Here Thursday Morning

The well-liked Sheriff of Coffee County, C. F. "Neil" Grantham, was shot dead early Thursday morning in a blaze of bullets from a 38-caliber

pistol, believed to be a revolver now in possession of law officers.

Arrested shortly after the shooting and charged with first-degree murder was Billy Joe Magwood of Rt. 4, Elba. Magwood has served time in the Coffee County jail while Grantham was

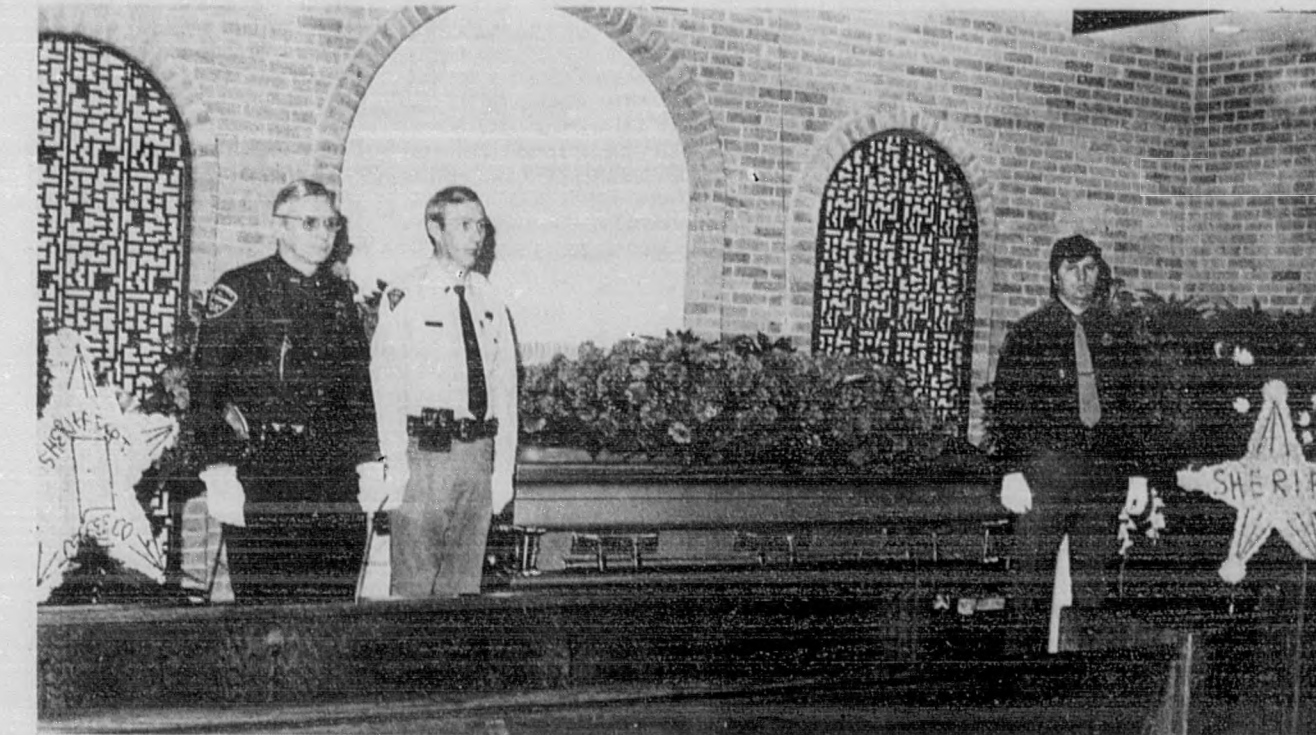

sheriff. He is a veteran of the Vietnam war, where he received injuries in combat.

Witnesses said the shooting and took several shots at the assailant, said the man fired at him twice. At first, Weeks could only tell officers that it was a black man in an old blue car. He said he knew him, but couldn't remember the name. Later, he remembered the name, and officers immediately went to the farm of his parents, where he lived alone in a small house. Magwood was arrested without any resistance, and after questioning in the Elba courthouse, was taken to the Pike County jail in Troy where he remains at press time.

When Weeks remembered a name to put with his description of the hunted man, several carloads of officers converged on the farm. However, Magwood reportedly saw them coming after they had surrounded the house, and as one officer said, he yelled "Here I am, police, on the porch." He was unarmed when State Trooper R. W. Whitworth arrested him and handcuffed him with handcuffs belonging to Elba policeman Buddy King.

Officers obtained a search warrant for the small house Magwood occupied several hundred yards up a dead-end road, and found several guns and extra ammunition. They reportedly found a 38-caliber revolver on the sofa in the living room, believed to be the murder weapon. The blue car setting in front of the house fit the description of the killer's car as given by eye witnesses.

Unconfirmed reports indicate that law officers found several notes in the house with names of court officials and Elba businessmen. Officers have not explained why they feel that at least one of the lists was a "hit list." However, they have confirmed that Sheriff Grantham's name was on at least one of the lists.

HONOR GUARD at the casket of the late Sheriff Neil Grantham was made up of Coffee County law enforcement officers as a final tribute to the well-liked "high sheriff." Those in the above picture are, from left: Verdell Schug, Enterprise Police Department; James Spurin,

Elba Police Department, and Tommy Gleson of the New Brockton Police Department.

Blackmon had gone to the Riverside Restaurant and gotten a man to call the police and report the shooting.

Police arrived to find Morris on the floor in a back room with a shotgun wound in the neck. He apparently died instantly. A 12-gauge single shot shotgun was lying on an open sofa bed in the front room of the house. It had been fired recently and officers said they removed a spent shell from the gun.

Morris and Reeves were friends but had had some trouble in past months. Reeves suffered a cut on his back that took multiple stitches to repair several weeks ago and he charged Morris with cutting him. The case was heard in District Court the day court was held on the courthouse steps. Reeves asked that the charges be dropped, "because they were friends, and he didn't want Morris to lose his job." Noting the seriousness of the act, Judge McAlley refused to allow him to drop the charges and heard the case.

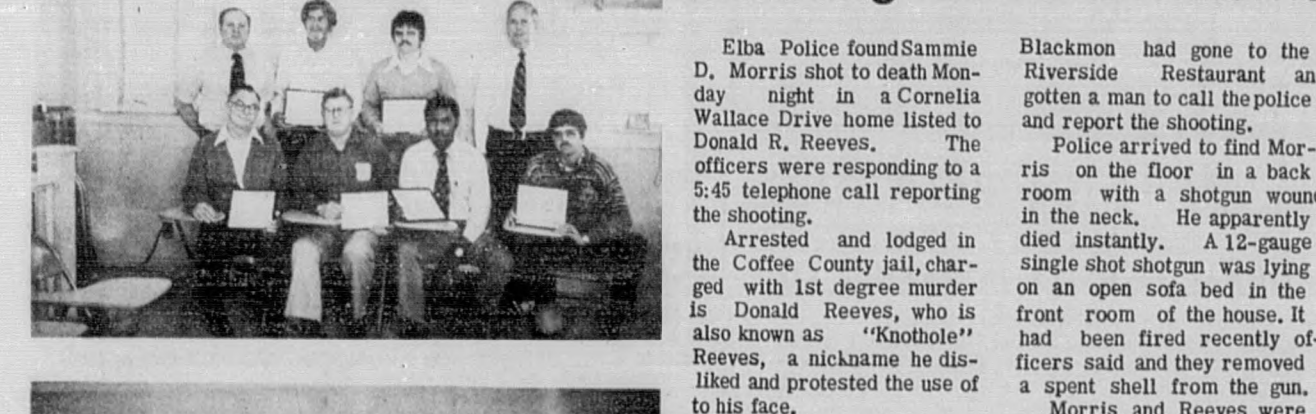

When officers started pouring in to assist, a radio call from the Trooper station

Grantham was rushed to the Elba General Hospital by the Elba Rescue Squad, but was pronounced dead on arrival. Weeks and Jailer John Barnes had summoned help and law officers fanned out over the county setting up road blocks, with the information that the Sheriff had been shot by a young black man driving an old blue car. Law enforcement officers from surrounding towns and counties responded immediately, and within minutes every road and pig trail leaving Coffee County was covered by roadblocks. Listening to the activities on the police radio, observers were amazed at the instant reaction and the unhesitated proficiency that was evident in the thirty minutes that elapsed between the shooting and the arrest of the suspect.

Magwood had recently attempted to file several lawsuits against judges, lawyers and this newspaper. He appeared in court on some drug-related charges and later served time in the jail. Word of the lawsuits indicated he felt the courts had mistreated him, the lawyers representing him had not done a good job, and this newspaper for "libel and contributing to slander." Magwood told a representative of this newspaper in 1975 that he had plans for going into business in Elba, and reports of his being arrested would hurt his reputation in the business community. It is not known if he ever entered any retail business.

The papers reported to be in his handwriting indicated he had tried to get a number of lawyers to handle his \$4.2 million lawsuits. The papers were mailed to Circuit Judge Terry Butts by certified mail. Butts transferred them to Circuit Judge Riley Green, as Butts was involved in the proceedings. Green returned them to Magwood and advised him that he could "if desired, may comply with the Alabama Rules of Civil Procedure." This February 9 letter by Green was apparently the last action on the matters.

## Reeves Charged With Shooting Death Of Morris

## Dorsey Supervisors Get Training Classes

Twelve supervisors at Dorsey Trailers, Inc. have recently completed a training course that teaches skills which can be utilized in handling various production - employee problems as they arise. The interaction management course was developed by Development Dimensions, Inc., of Pittsburgh, Pennsylvania, and the course instructor was J. Robert Panter, who is Manager of Training and Safety for the Dorsey Corporation of Chattanooga, Tennessee. Plans are to continue the course until it is completed by most of the supervisors at Dorsey.

In photograph #1 are: front row: Supervisors: Jim Hopkins, Harold Hudson, Leo Brown, Billy Grantham; back row: Instructor J. Robert Panter, and Supervisors: Bud Daniels, Rick Fain, and Personnel Director Mark Holt.

In photograph #2 are: front row: Supervisors: Philip Daniels, James Vaughan, and Instructor Panter; back row: Sam Collier, Vice President; Supervisors H. H. Culver, Jr., Lee Huber, Charles Boutwell, and Personnel Director Mark Holt. Not pictured is Supervisor C. C. Patman.

Elba police report Miss May was apparently suffering from a self-inflicted gunshot from a 22-caliber pistol. They report that the shot was lodged against her spine, and possibly causing paralysis. Miss May was not a native of the Elba area and was living with friends on Taylor Mill Road, within the city limits.

Barry M. Giles, assistant vice president of the Elba Exchange Bank, has been named the 1979 Coffee County chairman for the Leukemia Society of America. The announcement is made by H. F. Singleton, state campaign chairman for the Alabama Chapter.

The house reportedly occupied by Billy Joe Magwood and searched by law officers immediately after the arrest last Thursday morning.

The blue Chevrolet in the foreground fit the description of the get-away car.

County Sheriff Grantham.

Well over sixty law enforcement automobiles are shown here as they brought hundreds of law enforcement officers to Elba in the rain last Saturday to pay their respects to Sheriff Coffee County Sheriff Grantham.
